# Welcome!

Thank you for considering Jared Spackman Photography services to capture your best moments in time!

It didn't take long after my graduation to realize how much I enjoy capturing important moments in time with a camera and a smile. As an artist and designer, I have found myself constantly wanting to explore new places around the world as well as taking photos of people, places and things that really are worth a thousand words.

The saying "a picture is worth a thousand words" only scratches the surface of what great photos are capable of. Photographs can evoke incredible feelings of emotion when taken the right way. Those emotions can trigger a response. Photos can build a brand, make someone smile, increase a social media audience, sell a product or even store an important memory. This is where I come in! I am experienced with:

- Graphic Design & Creative Management
- Portriat, Landscape, and Event Photography

As both a graphic designer and photographer, I understand the passion and dedication it takes to deliver exceptional work. I'm always looking for ways to learn, improve, and refine my craft, and I thrive on the challenge of bringing fresh ideas and new experiences into each project. I believe that kind of collaboration, where knowledge and insight are shared, creates the strongest of results.

In my professional career, I've provided graphic design expertise for a variety of industries through full-time, contract, and freelance work. Some of these industries include tourism and hospitality, photography, non-profit, healthcare, education, finance, and pharmaceuticals.

Creating for such a wide range of industries has helped me recognize how unique each client's needs are. Some need insight, some need deadlines met, and others need creative solutions that tailor well to their audience and deliver more value than cost.

I've also over the course of my career delve head-first into photographing people and places. I'm a self-taught photographer that started with landscapes, moved into portraiture, and now has captured over one hundred events and programs in my current role.

Creative work has the power to deliver visual solutions that overcome design challenges and open new opportunities for a client's business. There's also the rejuvenation that comes from helping clients see the untapped potential of their brand. That outcome is rewarding and fuel behind what I strive to achieve.

Please feel encouraged to explore this document for the services you are interested in. Jared Spackman Photography is happy to connect with you on any questions you have before starting the shoot.

Looking forward to hearing from you!  
Jared Spackman

Travel fee for all sessions beyond 8 miles.

**REVIEW THIS PAGE PRIOR TO  
BOOKING YOUR PHOTO SESSION.**

### *Transparent pricing*

Let's be real, it's frustrating to love the photos and be disappointed by the price because you weren't provided it to begin with!

All main service prices of Jared Spackman Photography are listed here. If a cost is specific to a service type, it is mentioned on that service's information page.

### *Services*

**Business, Casual, Celebration, Event, Family, Food, Maternity, Newborn and Wedding photos**  
Please feel free to reach out to me with any other questions on what services I am able to provide.

### *What you get*

- All photo sessions come with a hi-resolution downloadable photo library from the shoot via Dropbox or Google Drive.
- Each photo provided in the library is edited with lighting and color grading if needed
- \*Delivered within 2 weeks from the shoot

### *Down payment*

- A **\$100** retainer is required for booking a session. Please note the retainer is a part of the entire fee, not an additional cost.
- Retainers are non-refundable, unless Jared Spackman Photography is unable to provide a session. Refunds do not include reschedules.
- Please book with certainty that you are interested in a photo session
- Session may be rescheduled because of weather or other emergencies: the retainer is held for the new session date if that is the case
